GitHub

WORK EXPERIENCE

Kuzco Shop — Full Stack Intern/Junior

Nov 2024 – Mar 2025

- Developed and maintained an internal CRM system for order, inventory and client management.
- Built and integrated REST APIs between frontend and backend services.
- Worked within a production-grade backend codebase, contributing to architecture decisions.
- Collaborated closely with a senior developer on application architecture and backend development.

PROJECTS

Fluffy Steps

E-commerce shop for home clothing. Features Monobank checkout integration, automated Nova Poshta delivery, customer registration system, admin panel, and a fully custom-designed storefront UI.
